

Drawing Workshop with Jenny Gunning

Today, Year 4 was visited by our local artist Jenny Gunning. Jenny, who also runs Ironbridge Fine Arts & Framing, is an artist, who mainly works with drawing and printing.

First, in the classroom, she taught the children about drawing using perspective and then she took them outside to draw our school building. Some of the art work has been chosen to be hung in our Heritage Gallery and will be on show at our arts and culture event.
