

Visit to Caphouse Mine, Wakefield.

Some pupils, their parents and Mrs Tearle were invited, on Saturday 19th May, to Caphouse working mine museum in Wakefield, by the St. Georges Community group. Our miners, who helped Year 5 make their mining film, are part of the group and thought it would be an amazing experience for us. After a long coach journey, we arrived and then spent nearly two hours down the mine. It was a unique experience, where the children got to experience first-hand, what life would have been like down a mine from Georgian times to more modern times.
