Christmas Fun

Exploring,
building,
collecting
and
creating

Write our names
challenge- We had
to create our names
and could decorate
them for others to
see.

Christmas tree
building challenge- we
had to stack, balance
and carefully select
wood to allow us to
build taller and higher
than anyone else.

We collected cuttings from
various trees and bushes around
school and used gardening wire,
curling ribbon and string to
attach the cuttings together to
make a lovely Christmas
hanging.

Look what we made!
